

Holiday Opens Here On Monday

The newest addition to the Manistique business community opened its doors Monday at 115 River St.

A new 75 x 75 concrete block building with brick facing is the home of the Holiday Gasoline Station and Discount Store. The Holiday will be open 24 hours daily, seven days a week.

The new store is stocking a wide variety of items including automotive supplies, hardware, lawn and garden equipment, a complete line of sporting goods and fishing supplies, bicycles, paint, cosmetics and drugs and clothing. Cameras, radios, tape recorders, watches, etc., are also available — and all discount-priced.

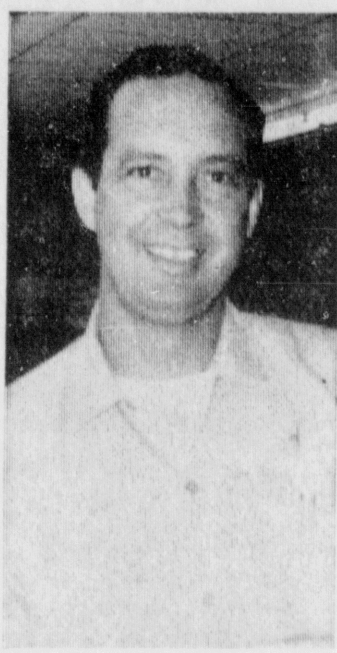

Workmen are putting the finishing touches on the store's panel-trimmed interior which features self-service and a check-out lane.

Manager of the new enterprise is former resident Byron Peterson who came back to Manistique after an absence of 12 years. Peterson lived in Harbor Beach, Mich., near Port Huron, where he managed a Standard Oil Station. The family is living at 500 Park Ave.

The Holiday employs ten other persons besides Peterson. Ken Tufnell is assistant manager; Gus Gustafson, third shift manager; Linda Peterson and Dorothy Peterson, hostesses; and attendants Terry Schultz, Bill Eimerman, Ken Tufnell Jr., Steve Aller, Fred Cayia and John Creighton.

John and David Walch of Escanaba are owners of the new business. The Walchs also hold a franchise and own other Holiday stores in Escanaba, Gladstone and Menominee.

Head Start Graduates 18

Eighteen children from the Germfask area were honored at a Head Start Graduation ceremony at the Germfask School on Tuesday, June 10.

The Head Start program was part of a community ceremony which included eighth grade graduation exercises and presentation of adult high school diplomas.

Head Start is an educational program designed to give preschool children from low and limited families an educational boost before they enter school. It is sponsored by the Menominee - Delta - Schoolcraft Community Action Agency and financed by government funds and local contributions.

Diplomas were presented to the 18 children by Rudy Lawrence, principal of the Germfask School. One child, Brenda Burton, was awarded a certificate for perfect attendance.

Head Start teacher was Mrs. Joyce Miller with Mrs. Alice Fitzpatrick and Mrs. Sandra McGahan as aides.

Parade Prizes For July 4th

Prizes will be awarded in several categories for floats entered in the annual Fourth of July Parade.

Any business, industry, civic or fraternal organization that may wish to enter the Parade is urged to begin their float planning.

The Parade will form at 1:30 on the afternoon of the Fourth at Fifth St.

William Wood, 207 N. First St., is parade chairman and may be contacted for further details.

American Legion Post No. 83 is again sponsoring Fourth of July activities with "Americanism" as this year's theme.

MANISTIQUE Board Approves Audio-Bus Funds

An audio-bus — actually an ordinary school bus with electronic equipment — is a definite possibility for the Manistique Area Schools.

The Area board of education approved an application for 50-50 funding for the audio-bus at their Monday night meeting. Supt. Edwin E. Wuehle told the board he was almost certain the district could receive funding for the bus if application was made before June 30.

Tuesday noon a board committee accepted two bus bids — one a 72-passenger vehicle priced at \$14,875 and the second a 66-passenger bus at \$9,451.55. The 72-passenger bus will be the one to be equipped with the electronic equipment.

The audio-bus is expected to be used on the Germfask-Manistique run, a daily 70-mile round trip. When not in use on a regularly scheduled run the bus can be used for field trips and as an audio-center during the day.

To Cost \$12,000

Funding for the bus and equipment would come from National Education Defense Act Title III — federal funds re-

Blaney To Host College Officials

MARQUETTE—Top administrators from the Upper Peninsula's seven institutions of higher education will attend two three-day workshops this month and in July at Blaney Park.

Invited to attend the June 25-27 and July 16-18 sessions are the presidents, vice presidents, deans, department heads and others from Northern Michigan University, Michigan Technological University, Lake Superior State College, Mackinac College, Suomi College, Bay de Noc Community College and Gogebic Community College.

The Regional University Administrators Institute is being supported by an \$18,254 grant from the U. S. Office of Education under the Education Professions Development Act.

A USOE spokesman said the institute proposal, developed by NMU, is the only one of its kind out of 707 proposals submitted that is being funded by the Department of Health, Education and Welfare.

Topics slated for discussion during the June program, jointly planned by the seven colleges, include problem identification, program planning, academic budgeting, and the recruitment, selection and performance appraisal of faculty.

High on the July agenda is inter-institutional collaboration and programming, structural relationships in colleges and universities, and faculty performance appraisal and compensation.

MRS. GILMER NETHERTON

Funeral services were held Tuesday at 2 p. m. from the Garden Congregational Church for Mrs. Gilmer (Christine) Netherton who died Sunday at the Schoolcraft County Medical Care Facility.

Rev. Richard Hooker officiated with Mrs. Hooker as organist. Burial was in the New Garden Cemetery under the direction of the Messier-Brouillette Funeral Home.

Pallbearers were Alfred LaVallee, Walter DeGoot, Paul Smith, Bruce Baker, Benson Page and Howard Ansell.

Briefly Told

Emil H. Knoph, local insurance agent, spoke recently to two Business Law classes at the Manistique High School taught by Stanley Arnold. Knoph discussed life insurance law and pointed out some of the contract modifications that must be made because of the peculiarities of various contracts.

State Police cited Gordon J. Hofman, San Leandro, Calif. for speeding on Tuesday.

"CHROME DOME" — New on the FBI's list of "10 Most Wanted Fugitives" is Benjamin Hoskins Paddock (above), known underworldly as "Chrome Dome" because he shaves his head. Paddock, 42, escaped from federal prison at La Tuna, Tex., where he was serving a 20-year bank robbery sentence. Paddock, native of Sheboygan, Wis., is 6-foot-4, weighs 245. "Extremely dangerous," says the FBI.

Cigarette Label Without Teeth

WASHINGTON (AP) — The House has turned back all attempts to put more teeth in a cigarette labeling bill, although raising possible questions about a ban on broadcast advertising in the process.

This developed Wednesday when the measure, extending the 1965 labeling act for six years, was sent to the Senate by voice vote as the climax to two days of debate.

The Federal Trade Commission has proposed a stronger health warning be included in cigarette advertising but this is pre-empted by the bill.

The House bill supported by the tobacco industry, would change the wording on the health warning now required on the package, which now says cigarette smoking "may be hazardous to your health."

The new language would say the surgeon general has determined that cigarette smoking "is dangerous to your health and may cause lung cancer or other diseases."

Civil Service Delays Decision

LANSING (AP) — The State Civil Service Commission has delayed a decision on possible disciplinary action against two union locals charged with work stoppages last fall.

The AFL-CIO American Federation of State, County and Municipal Employees argued against any penalties at the commission meeting Wednesday.

The commission could withdraw recognition of the union and its dues checkoff privileges. The work stoppages were at the Lincoln Park warehouse of the State Liquor Control Commission and the Lapeer State Home and Training School.

David Pollack, Detroit property management and real estate investment executive, was named commission chairman for a one-year term.

The commission restored a compensatory pay policy for top level state workers. This would allow an overtime advisory board to permit the higher level employees to receive overtime at straight pay rates.

The commission agreed to seek an attorney general's opinion on whether the department of administration and the administrative board or the commission has the responsibility for determining rates for travel expenses.

The Michigan State Employees Association said there is an apparent conflict over which agency has jurisdiction over travel expenses. The travel costs for the some 44,000 classified state employees averages more than \$8 million a year.

Man Cited For Police Assault

PONTIAC (AP) — A 42-year-old Orchard Lake man was held under \$5,600 bond today after being charged with assault with intent to do great bodily harm when his car struck a rookie policeman in West Bloomfield Township.

Joseph Albright was also charged with leaving the scene of an accident, and drunk driving in connection with Tuesday's incident in which Patrolman John Wheeler, 22, was hurt.

Wheeler is listed in fair condition at a Rochester Hospital with leg injuries.

A preliminary examination is scheduled for Albright next Thursday in Bloomfield Township.

County-Wide Housing Goal

Under present Michigan law counties are not empowered to establish Housing Authorities, the county board of supervisors was told Tuesday night.

Richard Dodge of Escanaba, Housing Director for the Upper Peninsula Commission on Area Progress (UPCAP), said that Rep. Dominic Jacobetti (D-Negaunee) is working for passage of House Bill 3811 to change the law which now allows only townships to establish Housing Authorities.

The supervisors invited UPCAP to send a representative to discuss the formation of a County Housing Authority with an eye to providing county housing for low-income families and the elderly.

Dodge said UPCAP would gladly assist the county in any way possible once such a Housing Authority could legally be established.

A change of work hours for court house employees was okayed by the board. From now until Labor Day office employees will work an 8-4:30 p. m. day and then revert to their usual 8:30-5:00 p. m. schedule.

The board also approved a request from custodian Martin Hoholik and tax department assistant Marvin Curran to attend a National Guard training

program at Camp Grayling from July 26 to Aug. 9 with pay.

City supervisor Norman Jahn reported that his Airport Committee is still working on the proposed airport facility program and interested in securing letters to show support for the suggested improvements.

Before adjourning their brief half-hour session, to enable the board to journey to Munising to pay their last respects to the late Circuit Court Judge George S. Baldwin, Mrs. Nancy Walters was reappointed to a five-year term on the County Library Board.

Class Of '44 Plans Reunion

Plans are being completed for the 25-year reunion of the Manistique High School class of 1944. This will be the first reunion the class has held.

The reunion will be held July 5 with a "chit-chat" at the Knights of Columbus Hall for graduates only, from 2 o'clock to 4:30 p. m. A formal class picture will be taken at 4:30; a cocktail hour is scheduled for 5:30 to 7:00 p. m. with a banquet set for 7:00 p. m. A dance, beginning at 9:30 p. m., will conclude the festivities.

Of the 67 graduates in the 1944 class there are three deceased members: Mrs. Millie Hayden Sellman, Mrs. Betty St. John Skruch and Jack Hough.

A good attendance is expected at the reunion, according to Mrs. Helen Burns Berger, publicity chairman of the reunion committee.

Schoolcraft County EVENTS AND NOTICES

The Schoolcraft County Retired Teacher's Association will meet Saturday, June 21 at 1 p. m. at the home of Miss Adeline Wager in Thompson.
